Annual  
Conference & Meeting**

**Oregon Public  
Health Association**

**October 14 & 15, 2013  
Corvallis OR**

Greater Oregon Behavioral Health, Inc. (GOBHI) and its CCO partners are proud to sponsor the 2013 OPHA Annual Meeting & Conference

**GOBHI Headquarters**

309 East 2nd Street  
The Dalles, OR 97058  
Phone - (541) 298-2101  
Fax—(541) 298-7996

*Rural and frontier counties joined together to form GOBHI in 1995 when the Oregon Health Plan was launched. Recognizing that Rural counties could be stronger as a collective by sharing innovative programs and costs, rather than each county being at risk.*

## THE OHSU EFFECT

Donn Spight, M.D., director of the OHSU VirtuOHSU Program, shares his knowledge with MedStars students who were visiting OHSU from around the state. MedStars, a collaboration between OHSU and Area Health Education Centers, encourages youths interested in careers in health and science to further their education in those fields.

### **Along with our community partners, OHSU health care providers, teachers and researchers:**

- Provide care to the underserved.
- Deliver education that extends the reach of health care.
- Engage in research that is vital to public and community health.
- Ensure access to the latest in medical advances.

OHSU relies on its associations with individuals and organizations around the region. The connections we share allow us all to achieve together what none of us could do alone.

**That's the OHSU Effect.**

COLLEGE OF PUBLIC HEALTH AND HUMAN SCIENCES

# Graduate public health programs at Oregon State

## Join us!

Through rigorous academic programs and a diverse range of research endeavors, graduate students gain the theoretical foundations, applied research techniques and professional skills to function effectively in reducing risks, promoting health and preventing premature disease and disability in human populations.

Choose from a comprehensive range of MPH degree options in six major tracks

- Biostatistics
- Environmental and Occupational Health and Safety
- Epidemiology
- Health Management and Policy
- Health Promotion and Health Behavior
- International Health

In addition to offering the MPH, we are the only institution in Oregon that offers a Ph.D. in public health.

The degree is offered with concentrations in

- Environmental and Occupational Health and Safety
- Health Policy
- Health Promotion and Health Behavior

Learn more by contacting [eileen.kaspar@oregonstate.edu](mailto:eileen.kaspar@oregonstate.edu) or visiting [bit.ly/osu-public-health](http://bit.ly/osu-public-health).

Oregon State's Ecampus offers an online graduate certificate in public health. Credits earned from the six courses in this program may be applied toward an MPH. Find out more at [ecampus.oregonstate.edu/health](http://ecampus.oregonstate.edu/health).
